Plan of the Museum & Park

Nov. 1906 - Miller & Merriam

Hole near east end - east edge of lake

more east than marking lake.

~~June 1907~~ Jan - Feb 1908 ~~started~~

Univ. Pit. came later. Foyt Miller started

This & Univ. worked it under Stone

(went out ~~Dec~~ 1907, started 91 in Jan. 1908)

with ~~Fischer~~

Chap. 1 Rev. of Paleon Res., "Lifelong Boyhood"

Invited to be among honored guests

exterior of OB Pit Bldg. 1 & left people

Questions to ask Mr. Robertson

When did you first visit Rancho La Brea?

I understand you were very influential in getting The Museum started to house the fossils the Academy was collecting. How did this come about?

////

Did you have anything to do with persuading Capt. Hancock to give the Mus. exclusive right to excavate?

Plans for bldg underway when Gilbert suggested Robertson go out.

Daggett Robertson took up with Hancock's attorney & give it to County.

~~Why~~ How did the Mus. get right to excavate

When interested in getting museum going

Exciting things that happened in course

Questions to ask Capt. Hancock

(1) What guided Captain Hancock to give the Museum exclusive right to excavate in 1913 rather than some of the other scientific groups interested?

(2) Did he grow up at the Rancho?

(3) Does he remember his parents commenting on the bones found?

(4) Has he written a memoir on this?

Pioneer Heritage by Hancock 1930

Price—
refers to questionnaire + gives results
Discussion of purposes
make possible to perform better service
better personnel - better service
better salary.
No training in history available
End his comments: Do we want to do this?
How do we standardize?
① Try an academic program
② Accrediting body?; Advisory body - set up by a Museum group. Employers get to know this credential means something.
Most history answers don't think the standards are too necessary
If we don't want to tie to academic standards, what do we want to use?
Don't expect to be called a Museum if you can't pay & do the job. 19 art mus. See Fulton

Hancock Park
Los Angeles, California

Exhibit of fossil bones in one of the Rancho La Brea tar pits. These famous Ice Age deposits have yielded thousands of plant and animal fossils. Now a scientific monument, the park today is administered by the Los Angeles County Museum.

Giant Ground Sloths at Hancock Park
Los Angeles, California

Life size statues of prehistoric animals are among the attractions at Hancock Park. The park is the site of the famous Rancho La Brea tar pits from which thousands of bones of extinct animals have been recovered. It is now developed as a scientific monument with landscaping designed to restore the Ice Age scene. The park is administered by the Los Angeles County Museum.

Paper plates, napkins silver, not cups
fork & spoon
min of 40 & max 50 (?) Bring projector & screen

TDk

TO: Russell Belous

Subject: Academy meeting at Casa de Adobe

Carl Dentzel says the dinner can be done for $2.00 providing we supply plates, cups, napkins and silver.

The Academy owns all of these items, but it might be wiser to purchase paper plates and cups of the kind that will take hot food. We can either bring the silver back dirty & wash it here Monday or have the Hospitality Committee wash it over there after the program is over for the evening.

The caterers will leave before we finish the meal, probably. As Chairman of the Hospitality Committee it might be well for you to organize ahead for a few people to clear the tables before the program.

The dishes, napkins & silver

must get over to Casa de Adobe well before 6:30 and the tables set.

It will be necessary to take the Academy's screen & projector over to Casa de Adobe. Floyd usually is responsible for this equipment & perhaps you can persuade him to bring it to the meeting & return it to the Museum on Saturday (he works Saturday). Be sure to check with someone at Southwest about electrical outlets. Ruth Simpson is in your section of Anthropology & should be helpful.

Send Bess & Alan cats at H. P.
Ask Truxal if we need concrete culverts & remind Meyers situation.

DW heads meeting — Wed. Sept. 11, 1957

① Mr. Markham + Mr. Nusbaum plan to make parking lot in front of new Museum

② Plans for "Terrace" —

Committee report — cover with plastic screen fencing with plants from arboretum +

More restaurant to Terrace using dumb waiter from kitchen +

Flooring is fragile — need to keep plants off it (on "stilts") rubber tips on chairs. Temporary a fence + plants to keep from wandering

Budget to be submitted for next year +

③ Cafeteria to be kept for kids + classes

Duarte + Baldwin
Sycamore 5-4158 Pasadena

9.6.57 Street changes at A.P.

Traffic Dept & City accepts but City Engineers say NO — want more territory one of them will contact us.

(100' from curb-our plan)

Insurance

Rate has gone up from 1½¢ to 1.9¢ per $100 per month, applies whether we lend or borrow. Material sent premium figured at time material is returned. Legal liability in case we are not named as co-insured or waiver of liability. On insurance form add the words "legal liability only."

Two insurance for Blue Special loans short term incoming - Mrs. Bellman

Other loans - Registered registered

Limit on policy $4 million.

$350,000 limit on 1 shipment

Limit of loans out:

$200,000 per item

$300,000 any one total loan

Declaration on PR Express.

$3500.00 per pkg.

Parcel post $5. to 1000. We are protected in mail in full amount.

Loans 1 2 types

Requested or our desire we insure

Depends on what minimum left out of it.

Everything we send out will be insured. Some will be billed to borrower, some not.

Must, therefore, always state value. Anything express, income $550.00 over $50 or less. Registration takes care of all this

Other Museums — is security matter insured at all when lent

? RR freight + truck + declaration not to exceed 1st class rate,

In transporting specimens by personal car + must include we are insured Even if repat is not yet made out insurance holds in taking specimen from donor to Mus,

---

Receipts format, kept for ident ?

Exact date of return is necessary now, If goes out express + in parcel post no record at back door.

Extra copy of original loan

Fee to borrowers:

Division Heads

(1) Ted will contact County about possible contact for cafeteria to mention parts.

(2) County postage meter – Could we have Division stamping on it?

(3) Calendars will be sent to those acknowledged in that issue.

(4) Employees to receive all invitations? Div. will decide who to get & This will be on addressograph.
Mr. Delacour send note also that all employees are invited to all Div. receptions.

(5) Calendars – suggest certain # be given to each Div. & no names indicated.

Valuable things should go RR Express "Insured" does not assure special care.

3 main types of
